## ARBOUR WALL SCONCE

The Arbour wall sconce unfurls its abstract organic forms to command the space, with an audacious blend of the contemporary, the classical, and the natural world. Sculpting in plaster, Martin has pushed the transformative potential of this traditional material to create an animated design, both plantlike and architectural.

Shown in Plaster White.

### Dimensions

Height 54cm 21"

Width 35cm 14"

Depth 24cm 9.5"

Weight 4kg 9lbs

### Finishes

Plaster White

### Materials

Hand sculpted Jesmonite

### Dimming

Yes

### Lamping

E12 LED Max 7W 120V

Unique sculpture individually hand crafted.

Handmade in England
