BOUCLÉ.

BOUCLÉ *ATHENA*

This incredibly soft bouclé offers a fresh look, unlike classic wool versions. Its supple, enveloping loops invite you to touch them or curl up in comfortable seating. A range of five very natural colors evokes the landscapes of the Peloponnese.

BOUCLÉ *CLOUD*

With its exquisite softness and comforting texture, the fabric embodies the most sensory facet of the collection. Warm and soothing, its virgin wool loop with its airy density evokes an ocean of clouds, as light as it is elusive, like a cocoon to wrap oneself in and drift into reverie. A quality suitable for use as upholstery or curtains.

BOUCLÉ *K2*

This cashmere bouclé is in a world of its own. Exceptional in both the quality of its yarn and the finesse of its weaving, it evokes the vaporous, downy mien of clouds. Its fancy yarn provides it with volume, as well as irregularities that give it added richness. A prodigious tactile experience, an invitation to curl up in comfort.

BOUCLÉ *LYNX*

A high-definition take on the bouclé, a contemporary and graphic version of the traditional panther. Alpaca wool expresses its free spirit against a satiny background speckled by the cotton weave pattern. A beautiful contrast between hazy softness and crisp weave, rendered in a voluptuous quality, at times celestial and stormy, at others bestial and wild.

HAIRY & TEXTURED *ADONIS*

Inspired by the capsules and insulating materials used in space exploration, Adonis explores the interplay between mechanical precision and textile softness. Its chain of knitted laces creates metallic ribbons interwoven with cotton threads, evoking the gears of a lunar module. The balance between matte and glossy finishes creates an almost kinetic vibration, the perception of which varies depending on the fabric's orientation.

HAIRY & TEXTURED *INKA*

Inka is a soft, enveloping fabric in Alpaca Suri and wool. Suri is the rarest breed of alpaca, and produces an incredibly soft, smooth, lustrous fibre. For Incas, alpaca is used on the right side, while the reverse is wool. The resulting material is invitingly tactile, presenting a nap surface raised using gentle finishing techniques. For upholstery, curtains and decor.

HAIRY & TEXTURED *MEGÈVE*

A long curly pile in fine mohair fibre emanates a pure white luminosity. This is a tousled velvet that reiterates the French décor philosophy of the early twentieth century: the use of fabric to decorate homes, poised between minimalism and elegance, with an open-minded approach to new application modes, apart from seating and cushions. Mohair offers an alternative solution that is as natural and voluptuous as fur.

Finest alpaca wool velvet of timeless allure. With its deep pile and warm caressing feel, this fabric is snug and irresistible. The subtle melange effect is fruit of outstanding savoir-faire in the colouring of materials, involving a 3-colour yarn-dyeing process prior to spinning. The lavish colour palette enhances the essence of the fibres, with inclusions of the more classic shades of wool and other more personalized accents. An extremely soft fabric.

This Peru-sourced alpaca wool creates a delicate melange effect that stems from an array of undyed yarns, accompanied by an all-natural colour range. A velvet with a caressing hand-feel is conducive to warm embraces. The slight ripple of a thick and compact pile, woven by means of the jacquard technique, recalls the soft irregularity and uniqueness of animal fur. Suitable for upholstery, it adapts well to any context.

PONY HAIR *RIDE*

Suitable for multiple use, this textile is composed of a cotton warp and a horsehair and sisal weft, which endows it with superlative suppleness. The sisal adds a touch of brilliance in contrast to the darker tones of the horsehair, creating a shifting 3D effect. Its nuanced pattern, meanwhile, evokes the earth lifted up in suspension by the passing of galloping horses.

LEATHER WAVES

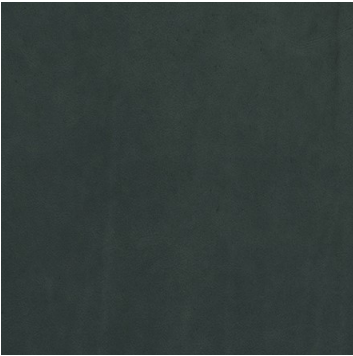

An exclusive Aniline leather with a natural, raw look and a sublime, almost velvety tactile feel. Achieved via a process of sanding and applying a special type of wax to the surface. Colour tones will also vary from hide to hide and within each individual hide. Watch for a beautiful patina that will appear over time as a result of the leather's usage, exposure to daylight and interior lighting. With use, the leather will become shinier and smoother over time.
