

METAL FINISHES

Standard metal finishes are shown.

In addition to the standard metal finishes we can provide powder coating in any of the RAL color, or other metal finishes if you have a sample to match.

Prices for non-standard finishes will vary. Please contact us for further information.

HANJI FINISHES

Standard hanji color options are shown to the left.

Please note: because hanji paper is hand made from the mulberry tree, there is no such thing as a perfectly consistent piece of material. There will be slight surface inconsistencies that testify to the unique story of each sheet of paper. If you have any questions, please let us know.
