

TIMBER/FINISH OPTIONS

All timber products are available in all of the solid timbers and finishes listed on pages 3 and 4 of this document unless otherwise indicated in our media. The timber we use is from sustainable farms. The trees on the farms are pruned regularly to allow for consistent grain patterns and fewer knots, ensuring exceptionally strong planks of the highest quality.

Our oil finishes provide a renewable surface for enduring beauty.

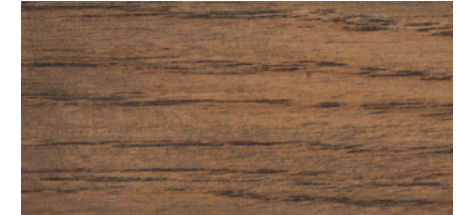

Our oxidised timber is sealed with a clear matte lacquer to maintain the colour whilst preserving the tactility of the surface.

PAINT/STAIN OPTIONS

We offer ten standard colours that can be applied to our products in a variety of ways:

PAINTED ASH

Paint is evenly applied to European ash timber.

STAINED ASH

European ash timber is stained then sealed with a clear matte lacquer to maintain the colour whilst preserving the tactility of the surface.

PAINTED HDF

High density fibreboard is painted to create our satin matte finish, or painted then coated in clear lacquer to create our gloss finish.

PAINTED FIBREGLASS

Fibreglass is painted to create our satin matte finish, or painted then coated in clear lacquer to create our gloss finish.

ELMORUSTICAL VIII

DE LA ESPADA

An aniline leather from Scandinavian cattle, Elmorustical is soft and natural, offering outstanding comfort. This full grain leather maintains the distinct features of the natural hide, lending each piece individuality and character.

Please note that when using Elmorustical to upholster expansive surfaces such as the headboard of a bed, our craftspeople will use their discretion to ensure the natural variations in the colour and grain are most elegantly displayed. This may mean adding a stitch line to the surface.

CORRECTED GRAIN / FINISHED LEATHER

DE LA ESPADA

Our finished leather is soft, supple, and hardwearing. A corrected grain leather, it is water resistant and easy to clean making it suitable for a wide range of applications. The natural cow hide undergoes a retannage process in addition to being treated with technically advanced finishing formulas to create a protective barrier against spillage and staining.

CURLY SHEEPSKIN

Our curly wool sheepskin is durable and luxuriously soft. The 12mm wool height provides sumptuous depth while allowing for clean contours on our upholstered furniture. The visual depth is enhanced by the subtle variation between the highlighted tips and darker base.

This material is scarce as the hides are small and, while they vary in quality, only the best quality hides are chosen before being expertly stitched together by our supplier in Sweden. This scarcity affects our manufacturing lead time, so products purchased in Curly Sheepskin will always have specially-quoted lead times.

Curly Sheepskin is only available on select products, as it behaves differently from leather and most textiles in terms of elasticity which affects how it is applied to different shapes.

Curly Sheepskin is currently available for the following products:

- Solo Lounge Chair
- Solo Ottoman
- Saia Lounge Chair
- Capo Lounge chair
- Capo Lounge Armchair
- Elysia Lounge Chair
- Nino Ottoman
