

TIMBER/FINISH OPTIONS

All timber products are available in all of the solid timbers and finishes listed on pages 3 and 4 of this document unless otherwise indicated in our media. The timber we use is from sustainable farms. The trees on the farms are pruned regularly to allow for consistent grain patterns and fewer knots, ensuring exceptionally strong planks of the highest quality.

Our oil finishes provide a renewable surface for enduring beauty.

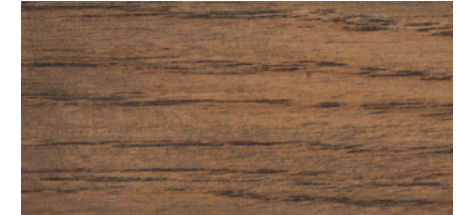

Our oxidised timber is sealed with a clear matte lacquer to maintain the colour whilst preserving the tactility of the surface.
